

Into The Wild Amazon

5+ days in the Jungle

Your Tour Guide

Ney

My official name is Rosiney Lima Maia, but all my friends call me Ney.

I was raised inside the jungle in a small village where I learned how to hike, fish, hunt and camp in the Amazon rainforest.

I started working as a jungle guide to show tourists the way into the jungle in 2000.

During the time, I learned English, so I can tell you all the jungle stories of the Amazon.

My specialty is the Northern part of Manaus, because that is where I know my way around best.

Ney

Program

Day 1

We will pick you up from your hotel or the airport at 7:00 am and drive for two and a half hours in to the jungle, with one 20-minute stop. We will then take a one-hour ride by **car and boat** to our lodge.

Upon arrival, you will be greeted with a welcome drink made from natural fruit juice. After lunch, we will discuss your requirements for the jungle. After lunch, you will take a **canoe trip to the flooded forest (Igapo)**. This is a very pleasant way to discover the Amazon.

After dinner, we will go on a boat ride to explore the river at night and **catch some caiman**. Also there are some snakes whom are more active at night, we might see some. After this activity we will head back to the lodge to spend the night.

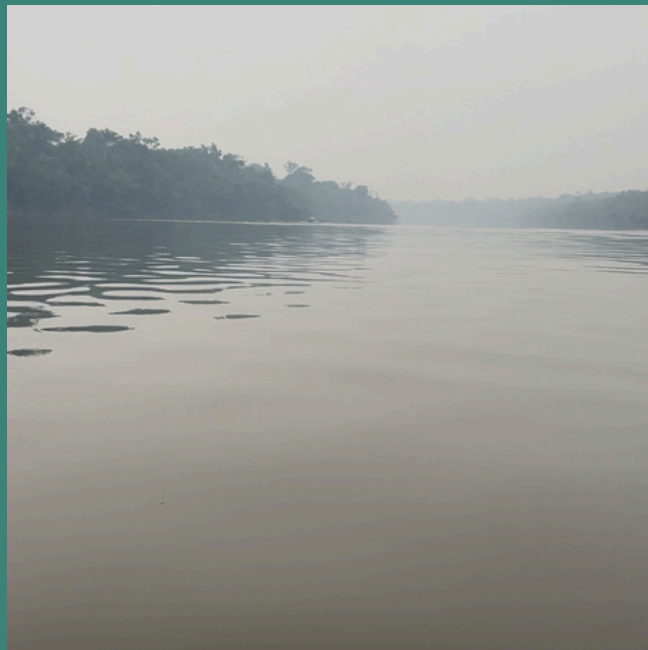

Day 2

At 5:30, we leave by **boat** to see the **sunrise** and listen to the sounds of the Amazon. We will also try to see the **pink and gray dolphins**.

After breakfast, we will prepare our stuff because we are going **deeper inside the Amazon Rainforest** for the next 2 days and 2 nights.

After the instructions are given, we will have a **canoe ride** for 2 hours. This is the perfect way to **explore the amazing nature** around you. After we finish the boat ride, we will hike for an additional 1.5 hours to reach our first camp site.

The guide will teach you how to **make a fire** and cook the food. We will also prepare our hammocks for the night.

Day 3

This morning you will wake up to the **sounds of the jungle**. Many guests mentioned they had never forgotten this night, many years later.

Once everyone has woken up, we prepare breakfast and go for a **big hike** in the depths of the Amazon Rainforest.

Our **native guides** will explain everything about the flora and fauna and possible animals you see along the way. We will also teach you about the **medicinal plants** that are found in the Amazon.

During the rest of the day, we will **explore the forest** and its amazing nature in depth. In the evening, we return to the **campsite** to sleep our second night in the jungle.

Day 4

This morning we will start to hike back to our boat after breakfast.

After this, we will do a **fishing trip** on the surrounding rivers. Our guides will teach you how to catch fish with **traps** and a rod made of gear we find in the jungle. All kinds of fish are known to be caught, but the one that is caught the most is the **black piranha**.

After a while, we will go back to the traps that we have set up and check if we have caught some bigger fish.

Once we have done the fishing we will go back to the lodge by boat and give you some time to relax. After this we will visit the **local family** of the area. They will tell you how they managed to survive in this area for such a long time.

Day 5

This morning we will do our **last canoe ride** and check to see if we have caught any fish with our traps.

We will **pack our bags** to start the road trip back to Manaus. We expect you to be ready around 12:40 p.m. so we can start the trip. You will arrive in Manaus around 17:30 PM.
